

Savings for your business, vital funding for our mission

Last year local business owners, like you, contributed over **\$20,000** through GratisGives™ to our community.

How it works

- 1 Team-up** with GratisGives™, a local payment processor offering competitive payment processing rates.
- 2 Save** your business money on processing fees you already pay, and realize savings of potentially \$1,000s per month!
- 3 Choose** to donate a small portion of your savings to a select list of charities in our community.

You save money, and your community feels the collective support of the businesses that care enough to give a little.

The WIN-WIN

THE SAVING

Joy is a local dentist. Sees and treats patients every day. Her patients pay her for her services by credit card. Joy would like lower credit card fees; GratisGives™ helps lower credit card fees.

THE GIVING

With Joy now saving an extra **\$500 per month** in credit card fees, she decides to give a little. Through GratisGives™ she can give a small amount of her SAVINGS to a non-profit she cares about.

Next step call us

GratisGives™ helps fund local non-profits while reducing merchant fees you already pay. Two good deeds that turn great together. Contact us.

For Kids Foundation is pleased to announce that it has again been selected as a funding recipient of GratisGives. GratisGives is a community-focused program that helps local businesses reduce credit card expenses they already pay, and pass some of the savings along to a local non-profit they love. GratisGives helps us fulfill our mission within the local community; consider being a part of effortless giving. Join the Win-Win!
